

JALUZELE ORIZONTALE

SPECIFICATIILE REFERITOARE LA PRODUS

- Lamelele**
 - compozitie aluminiu eloxat, vopsit in camp electrostatic
 - latime 25 mm
 - grosime 0,21 mm
 - 80 culori
 - Garnisa**
 - compozitie otel galvanizat vopsit in camp electrostatic
 - culori asortate cu lamelele
 - Componente**
 - snur si scarite plasticate in culori asemanatoare garnisei
 - Accesorii optionale**
 - garnisa de mascare, in culori alb sau maro inchis (fig. 4)
 - cleme de fixare in partea inferioara (fig. 3)
- Atentie**
- Folosirea garnisei de mascare poate fi facuta in cazul in care jaluzeaua se monteaza intre baghetele geamului ("pe sticla") sau atunci cand se monteaza in golul glafului pe margine.
 - In cazul in care se opteaza pentru garnisa de mascare, trebuie avut in vedere ca nu se vor putea monta si clemele pentru fixare in partea inferioara.
